New Products | Joint Life CI Plans (Company A & B)

	Highlights	
1) What is it?	- This year, competitors have introduced the Joint Life variant of Critical Illness Insurance. - Unique to this kind of health plan is that it allows two (2) individuals to be covered under one (1) policy. - The Insureds in the same policy share the same benefits on a “first-to-claim” or “first-to-die” basis. - The cash benefit can be claimed should any of the two (2) Insureds get diagnosed with a major critical illness or in case of death. - Upon cash payout due to major critical illness or death, the policy coverage ceases and one of the Insureds will no longer be able to enjoy the protection benefits from the Joint Life plan.	
2) What’s in the market?	<u>Company A</u> - Affordable protection - Policy can cover Single Individual only or Joint Life - Protection up to age 100 - Shorter Payment Period	<u>Company B</u> 2 lives for the price of 1 policy - Available as Joint Life only. No individual plan. - Protection for 10-years only. - Payment should be made yearly for 10 years. - Automatic renewal for additional price may be allowed after 10 years if clients are 65 or below.
3) Who’s covered?	The following two (2) individuals may be covered under one (1) Joint Life Critical Illness Insurance policy - Spouse & Spouse - Parent & Child / Adult Child & Parent - Sibling & Sibling

Policy Lives			2		2
Total Policy Count			2		1

Sample proposal for ages 36 male and 33 female, non-smokers, highlights are as follows:

- 1) Company B offers lower premium.
- 2) However, in case of critical illness or death, only one (1) Insured under Company B's Joint Life CI plan can claim the critical illness or death benefit.
- 3) For a premium difference of less than P2,000 per year, Sun Life Assure offers coverage of P1,000,000 per each Insured of the Insured (or total of P2,000,000 Face Amount for 2 Insureds).

Sun Life's Competitive Advantages

HOT

- 1) Sun Life's critical illness insurance products (SUN Fit and Well & Sun Life Assure) cover more illnesses than competition shown.
- 2) SUN Fit and Well offers comprehensive health and life insurance coverage, plus gives clients a savings option through the guaranteed endowment cash benefits¹, non-guaranteed dividends and special paid-up bonus².
- 3) Sun Life Assure addresses the client's need for affordable³ critical illness protection without having to worry that coverage will be lost in the unfortunate event of sickness or death of a loved one. The client is guaranteed full protection contrary to the "first-to-die" or "first-to-get-sick" limitations of a joint life plan.

¹The guaranteed Endowment Benefits are available in the SUN Fit and Well Plus and Advantage variants only.

² Special paid-up bonus are not guaranteed

³Based on combined premiums of two (2) Sun Life Assure policies for ages 36 and 33 versus equivalent joint life CI of Company B

NOT

- 1) Sun Life's critical illness insurance products are designed for individual coverage only.
- 2) SUN Fit and Well allows for claims on Minor CI up to 3 times only, while Company A allows multiple Minor CI claims up to 4 times.
- 3) Both SUN Fit and Well and Sun Life Assure do not provide additional cash in case of Diabetic Complications and Angioplasty.
- 4) Sun Life's free GoWell membership is not as comprehensive as Company B's wellness program that provides potential increase in plan coverage by the insured's healthier lifestyle and conscious habits to improve health. Moreover, Sun Life Assure does not have a Return of Premium (ROP) feature.

Talking Points in Favor of SUN LIFE

- Clients can choose from Sun Life's portfolio of critical illness products which provide either a more comprehensive and lifetime protection (through SUN Fit and Well) or a more “value for money” term coverage (through Sun Life Assure).
- SUN Fit and Well ensures that the insured is covered throughout his or her entire health journey from **Prevention, Diagnosis, Treatment up to Rehabilitation**¹. It also provides savings elements such as guaranteed anticipated endowment², special paid-up bonus³ and cash dividends³ which can serve as additional income.
- Sun Life's critical illness insurance plans such as SUN Fit and Well and Sun Life Assure are not limited by a “first-to-die” or “first-to-get-sick” condition as seen in competition's joint life policies. Coverage continues until the life or health benefits are used up.

¹ Treatment and Rehabilitation is available for the Advantage variant only

² Endowment payout is available for the Plus and Advantage variant only

³ Special paid-up bonus and dividend earnings are not guaranteed
