Sun Life Core Funds

FUND NAME	WHAT IS THE FUND ALL ABOUT?	ASSET ALLOCATION LIMITS	CLIENT RISK TOLERANCE	WHO IS THE FUND SUITED FOR?
MONEY MARKET FUND*	The fund is meant to maximize yields on short to medium-term placement while providing adequate liquidity for its holders. It invests primarily in high-quality, short term placements, fixed income securities, and corporate deb securities with a maturity date of five years or less.	Fixed Income: 100%	Low	The fund is meant as an alternative parking facility for clients who want to protect their capital and earnings during periods of market downtrends.
BOND / INCOME FUND	The fund offers moderate and stable capital earnings across the business cycles The fund primarily invests in fixed income securities issued by the Philippine government and in corporate debt issued by high-quality, established, and stable companies	Fixed Income: 95%	Medium	The Fund is suited for clients who mainly expect stability in their portfolio with the aim of minimizing the negative effects of market downtrends.
BALANCED / OPPORTUNITY FUND	Provides diversification across financial assets by providing exposure to both equities and fixed income. The fund invests in a combination of equities of high-quality and well-established companies in major industries and fixed income securities issued by the Philippine government or by reputable corporations	Equities: 30% - 70% Fixed Income: 30% - 70%	Medium to High	The fund is suited for clients who are interested in capturing a portion of the potential performance but are not willing to take on the full risk of the equities market The fund is also ideal for clients who are interested in giving off a bit of the stability of a pure fixed income fund in exchange for slightly increased rate of capital appreciation
EQUITY / GROWTH FUND	Provides the highest potential gains over the long term. The fund primarily invests in high-quality and well-established companies in major industries such as Banking, Property, Retail, etc.	Equities: 95%	High	The fund is appropriate for clients who would like to maximize their returns and have the ability and willingness to assume potential losses over the investment period.

*Money Market Fund is available as a fund option for fund switching/transfer to any existing Peso VUL Policyholders and is NOT be available for new business.

Sun Life Thematic Funds

FUND NAME	WHAT IS THE FUND ALL ABOUT?	ASSET ALLOCATION LIMITS	CLIENT RISK TOLERANCE	WHO IS THE FUND SUITED FOR?
MYFUTURE FUND (2025, 2030, 2035 & 2040) <Balanced>	This is a target date fund with an asset allocation mix that moves from equities to fixed income as the target date or maturity date of the fund nears. Asset allocation of the fund is limited to Philippine Securities only, such as: • High quality domestic equities listed on the Philippine Stock Exchange (PSE) • Philippine Government Fixed Income • High-quality Philippine Corporate Fixed Income • 5% minimum holding required in liquid or semi-liquid assets (i.e. t-bills, savings, time deposits, etc.)	Based on the longest-dated fund: • Onset: 85% Equities / 15% Fixed Income • 5 Years Before Maturity: 30% Equities / 70% Fixed Income • At Maturity: 0–5% Equities / 95–100% Fixed Income	Medium to High	Best choice for clients whose life goals have specific time horizons that are close to the maturity date of any variant in the MFF series.
OPPORTUNITY TRACKER FUND <Balanced>	• The fund invests in a combination of equities of high-quality and well-established companies in major industries and fixed income securities issued by the Philippine government or by reputable corporations • Opportunity Tracker Fund is completely systematic, follows a custom methodology which is defined by the Trend Indicator. The percentage of the assets (Equities, Fixed Income & Cash) is determined by the Trend Indicator which looks at the movement or behavior of the following: (1) Economic Outlook, (2) Index Prices and (3) Earnings Data	Equities: 30% - 70% Fixed Income: 30% - 70%	Medium to High	Ideal for those who wants to experience higher potential returns but are also wary of the risks that it entails, the key is to balance risk and return. Ideal for those who are ready to experience the world of wealth accumulation and for those who wish to diversify their financial portfolio.
DYNAMIC FUND* <Balanced>	The fund is designed to provide optimum returns consisting of current income and capital growth through investment in a mix of high quality fixed income and equity instruments from domestic and foreign issuers. Depending on the state of various world economies and markets, the Fund may invest in non-Philippines investment grade issues.	Equities: 50%-70% Fixed Income: 30%-50%	Medium to High	Ideal for those who wants to experience higher potential returns but are also wary of the risks that it entails, the key is to balance risk and return. Ideal for those who are ready to experience the world of wealth accumulation and for those who wish to diversify their financial portfolio.

*Dynamic Fund is a limited offer VUL Fund and is NOT available for new business/fund switching.
