Proof of Payment when app is for COD or source of payment is Sun Life policy or account

Upload the Payments Arrangements PDF file if there is no proof of payment. This is only applicable for two scenarios: COD, and source of payment is from Sun Life policy or account.

You can download this document from Advisor Home Office > Downloads > Forms > New Business.

PAYMENT ARRANGEMENTS

This submission does not include a proof of payment for any of the following reasons:

- App is for COD – For review before payment of initial premium.
- Source of payment is a Sun Life policy or account

Signatures for supplementary questionnaires and other forms

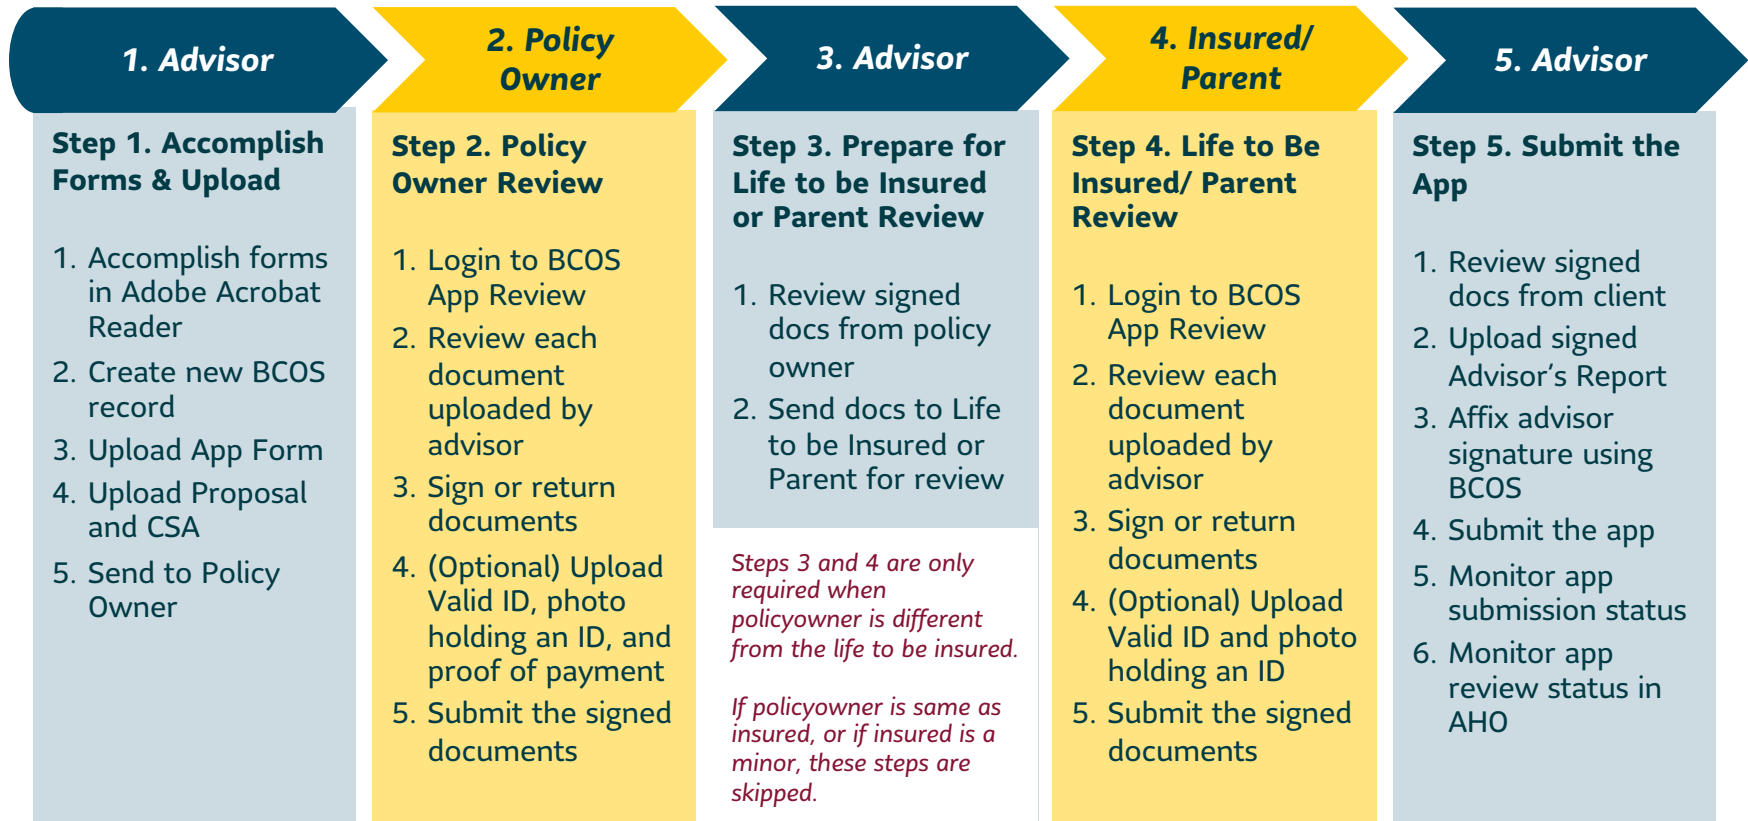

When clients view BCOS, they can only sign the Application Form, Proposal, CSA, and AOA, Client Confirmation. The Supplementary Questionnaires are not displayed for review and signature.

REMINDERS TO AVOID DELAYS

1. Use **Adobe Acrobat Reader** only. Download it for free here: <https://get.adobe.com/reader/>
2. Check that your app form has a serial number. This is found at the bottom of the page.

3. Client's name should match the name in the ID. If client's name has special characters (e.g. ñ or hyphenation), this should be included.
4. Type an asterisk (*) for fields that do not apply to the client (e.g. no middle name, no TIN/SSS due to unemployed)
5. As of this update, no need to enter the following as you will do these in BCOS:
 1. Place of Signing
 2. Date of Signing
 3. Advisor signature

STEP 1.2. LOGIN TO BCOS AND CREATE A NEW APP RECORD

<https://mobile.sunlife.com.ph/bright-connections-advisor/>

The screenshot shows the Sun Life BCOS Dashboard. At the top, there's a header with the Sun Life logo and a user profile for 'Hello! Jake Advisor'. Below the header, there are two tabs: 'In Progress' (highlighted with a dashed orange box) and 'Submitted'. A table is displayed below the tabs, with columns: Date Created, Application Number, Insured Name, Product Name, Premium Amount, Status, and Action. The table is also highlighted with a dashed orange box. Below the table, there are two callout boxes. The first box, labeled '1', says 'Click "Create New Application" to upload a new application for client review and signature.' The second box says 'In Progress and Submitted Tabs. This will show the list of pending or submitted applications in the dashboard.' A third box says 'Application details. These show details of applications you've created, which can also be sorted.' At the bottom right, there is a 'Create New Application' button, also highlighted with a dashed orange box.

Access BCOS using:

- ✓ A web browser (e.g. Google Chrome) from your computer or mobile device.
- ✓ Your Advisor Home Office credentials for logging in

Once logged in, the BCOS Dashboard will be your homepage, and will contain all the apps you've created.

You may also sort or filter applications for better tracking of your applications.

Click **"Create New Application"** to start.

STEP 1.3. UPLOAD COMPLETED APP FORM

- Make sure that the application number is aligned with the file that you will upload
- Only the editable PDF downloaded in AHO can be used. Scanned copies of application form **should not** be uploaded
- Letters in the Application number should be in UPPERCASE (e.g. SR, SER)

The screenshot shows the 'Upload Completed Form' screen in the Sun Life app. The screen has a white background with a blue header bar containing the Sun Life logo and a close button (X). The main title is 'Upload Completed Form' in bold blue text. Below the title is a subtitle: 'Enter some details about this app and upload the accomplished app form.' The form contains several fields and options, each highlighted with a numbered callout (1-7) in a yellow dashed box. Callout 1 points to the 'Is this an Individual or Entity Application?' section with radio buttons for 'Individual' (selected) and 'Entity'. Callout 2 points to the 'Product' dropdown menu, which is currently set to 'Sun Acceler8'. Callout 3 points to the 'App serial number' text field, which contains 'R02052713'. Callout 4 points to the 'Currency' dropdown (set to 'PHP') and the 'Premium amount' text field (set to '20,000.00'). Callout 5 points to the 'Is the Policy Owner the same as the Life to be Insured?' section with radio buttons for 'Yes' (selected) and 'No'. Callout 6 points to a file upload area showing a preview of a PDF file named '2020 Sun Life App Form SR02052712.pdf' with a 'View' link. Callout 7 points to the 'Continue' button at the bottom right. A 'Back' button is located at the bottom left.

STEP 5.5. MONITOR APP REVIEW STATUS IN ADVISOR HOME OFFICE

Advisor
Perspective

The screenshot displays the Sun Life Advisor Home Office interface. At the top, the Sun Life logo is on the left, and a user profile 'Hello! Jake Advisor' is on the right. Below the header, there's a section titled 'In Progress' with a filter 'By Status' and a 'Show 40 per page' option. A table lists application details, with one row highlighted in yellow and labeled 'ACCEPTED'. A blue arrow points from this row to a yellow callout box at the bottom that says 'Advisor Home Office: App Review Status'. Below the table, the 'NEW BUSINESS' section is visible, showing counts for 'Pending' (2), 'App. settled' (0), and 'Negative Decision' (7). A 'No applications' message is also present.

When the status is **ACCEPTED**, then the BCOS process is complete. Now you can monitor the application review status in Advisor Home Office > New Business.

IMPORTANT: BCOS is an online submission platform.

- It will show you the progress of the app as it is being submitted.
- However, once it cannot show you the progress of ongoing New Business/UW review.
- You will have to check New Business status in Advisor Home Office.
