SunSMART App for iPads

Device	• iPad 9.7" and above only – iPad Mini not supported • iOS 11, 12, or 13 • At least 125 MB storage space • 32GB / 64 GB / 128 GB – All compatible BUT please choose according to your needs • Wifi / Wifi + Data – Both compatible but please choose according to your needs
How to get it	Download via Advisor Home Office App Centre
Internet connection	• Yes, upon first log in. • No, on succeeding log ins. • Log in at least once every 30 days.
Access	Advisor Home Office username and password

Why use SunSMART to submit new business apps?

DIGITAL FORMS WITH eSIG

- Accomplish the eApp from an iPad
- No need to print the proposal and app form
- Requirements can be attached

OFFLINE

- Accomplish the app forms offline

NO AMENDMENTS OR OMISSIONS

- eApp will not accept forms with missing fields and incorrect answers

Why use SunSMART to submit new business apps?

MOBILE AND 24/7

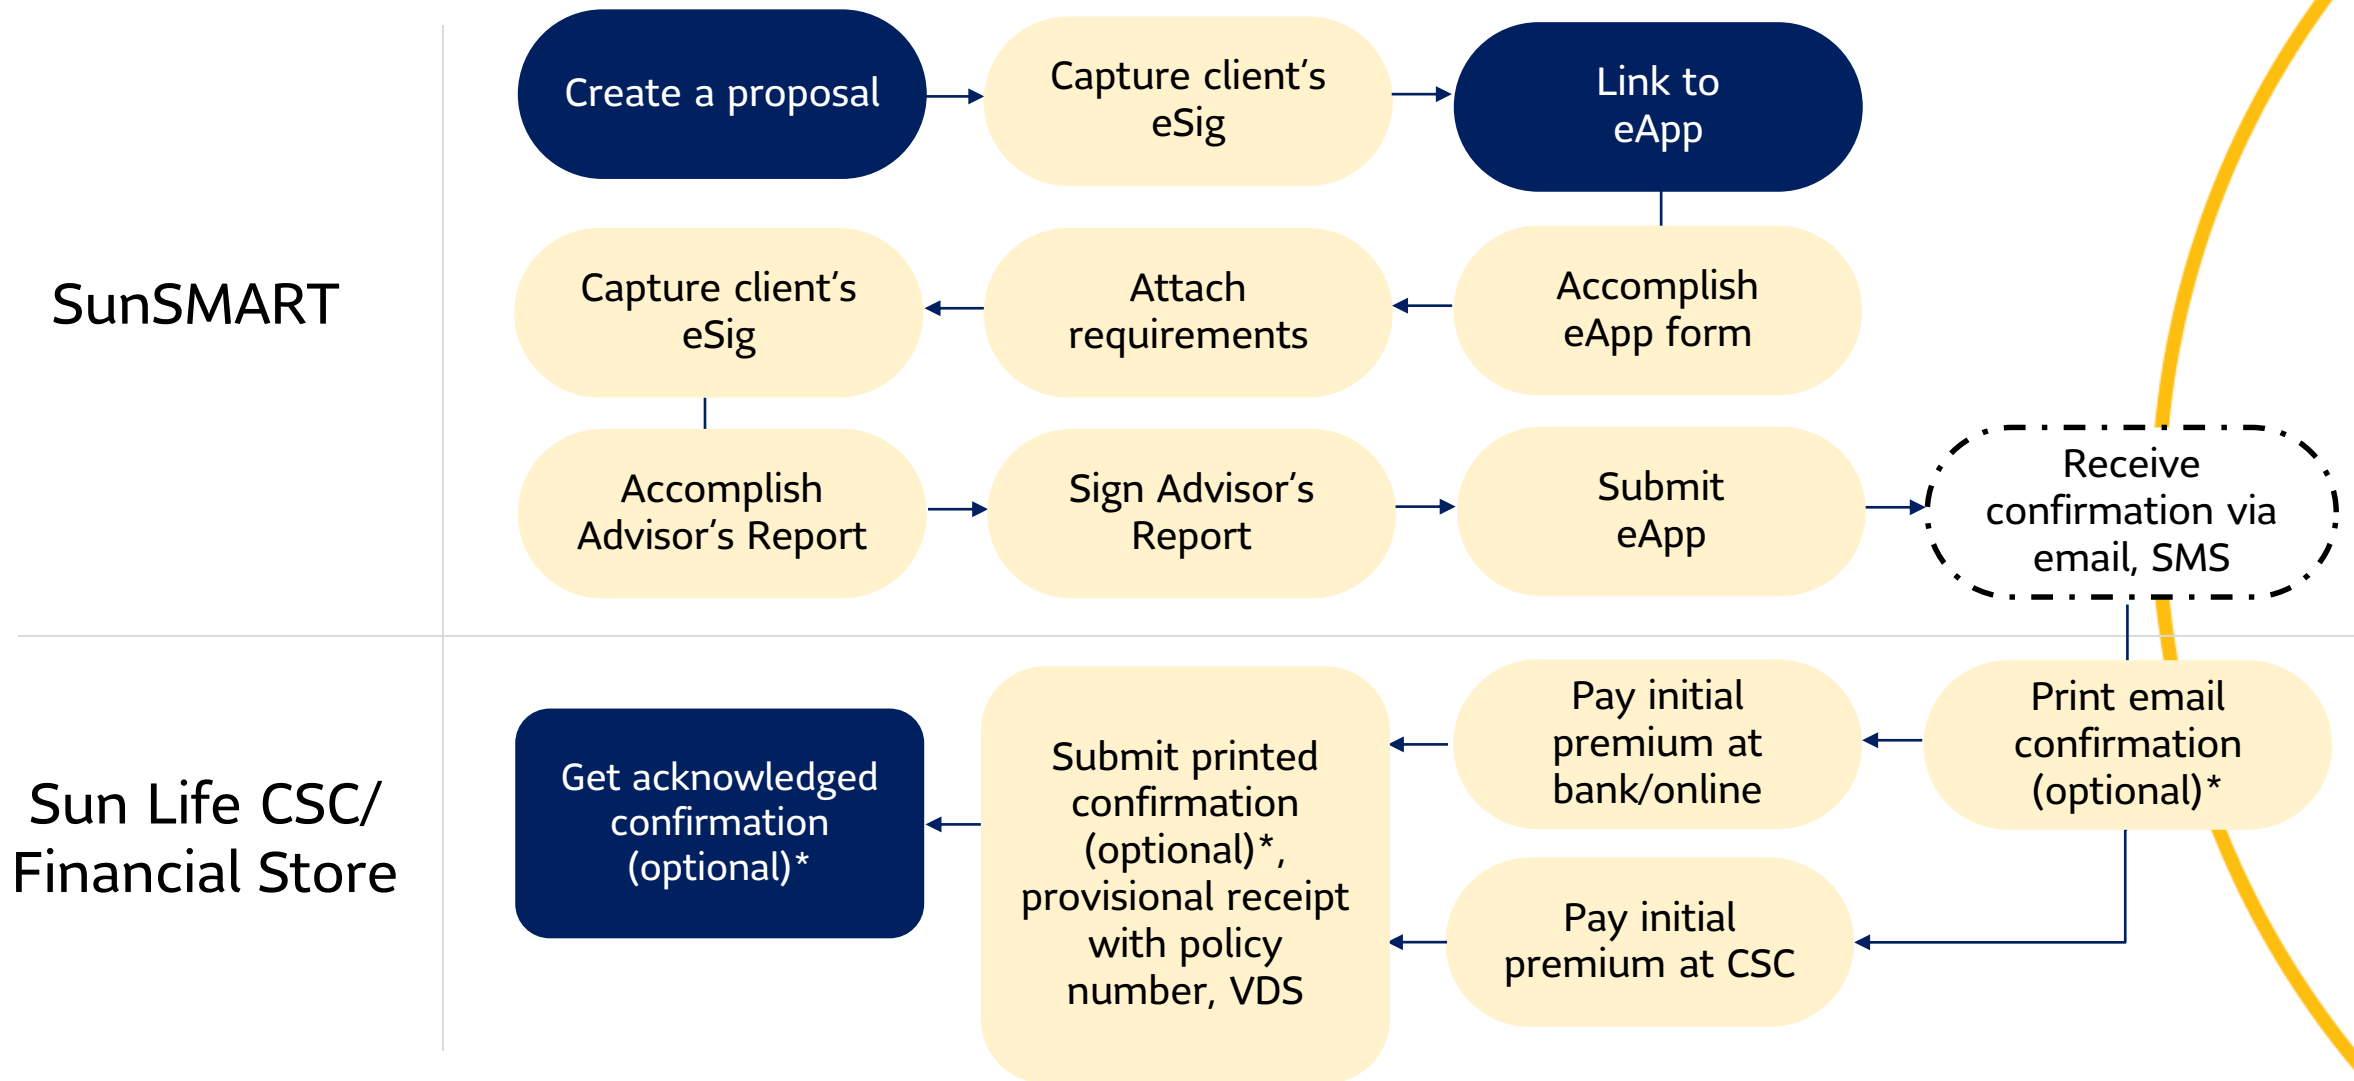

- Submit eApp and requirements anytime, anywhere
- Internet connection is required when submitting

FASTER PROCESSING

- No more manual scanning and data encoding
- Receive confirmation of receipt via email and SMS

SunSMART at a glance

Walkthrough

Before we start...

Disconnect from the internet
Go offline or on Airplane mode.

Be ready with your stylus pen
We will use it to get an eSig.

A printed form titled "FINANCIAL NEEDS ANALYSIS and RISK PROFILE QUESTIONNAIRE" with various sections for personal information, financial goals, and risk tolerance.

Get an FNA and an ID

We will attach them to an eApp. If you don't have these, any piece of paper will do for now.

BENEFIT ILLUSTRATION FOR PROPOSAL SERIAL NUMBER P557I1005201911134625602

Variable Life Insurance Proposal

In the Philippines, insurance products are being offered through Sun Life of Canada (Philippines), Inc., a member of the Sun Life Financial group of companies. In this proposal, *you* and *your* refer to the policy owner while *we*, *us*, *our* and *the Company* refer to Sun Life of Canada (Philippines), Inc.

Proposal Information

On the Life of : Blue W. Gonzales

Age Last Birthday : 30 (Male)

Currency : Philippine Peso

Basic Plan	Face Amount	Single Premium
Sun MaxiLink One - Non-Smoker	Ps 250,000.00	Ps 0.00
Class: Standard	Total Single Premium	Ps 0.00

Sun MaxiLink One is a single pay variable life insurance product until age 88. The living benefit is equal to the fund value, which is partially or fully withdrawable subject to withdrawal or surrender charges from the policy's share in the separate account(s).

For application settled under Guaranteed Insurability Offer (GIO) where the life insured dies within the first two (2) years after the policy Effective Date and without reinstatement, and such death is due to other than accident, the death benefit payable will be limited to the Fund Value plus insurance charges paid. If the life insured dies due to accident after the policy is issued, the death benefit payable will be the greater of the Fund Value or the minimum death benefit, which is equal to the face amount plus the entire single premium less 125% of each partial withdrawal, if any.

The death benefit after 2 years is the higher of (1) the Fund Value, or (2) the minimum death benefit.

If applicant dies before policy Effective Date, then we will return single premium paid.

The policy is a variable contract. The fund value, the actual death benefit and the actual Cash Surrender Value payable depend on the investment experience of separate account(s) linked to the policy.

The investment risks associated with this product are borne solely by the policy owner.

If you decide the policy is not suitable for your needs, then you may return said documents for cancellation by giving us written notice. We must receive such notice within 15 days from the date you receive the policy. We will refund the fund value of the units allocated to your policy inclusive of the initial charges.

Notes:

- All payments and benefits shown are in Philippine Peso.
- The illustrations assume that you will have no withdrawals on the policy beyond those illustrated and the current scale of charges remains unchanged.
- The Company reserves the right to adjust any charges in this plan subject to prior approval of the Insurance Commission.
- The above values are illustrations only of the key features of the recommended insurance plans. This illustration may differ from any earlier proposal illustration.
- The values in the succeeding pages are illustration of possible performance of your fund. Since the fund performance may vary, the values of your units are not guaranteed and will depend on the actual investment performance at that given period. The value of the policy could be less than the premium paid.

This proposal shall form part of the insurance contract once the policy is issued. A copy of this proposal and the policy contract will be delivered to you.

While we have made every effort to ensure accuracy, errors and omissions may have occurred in the preparation of this proposal.

BACK BENEFIT ILLUSTRATION FOR PROPOSAL SERIAL NUMBER P557I1005201911134625602

to the use, processing and exchange of information needed to prepare the proposal. In the event I do not proceed with my insurance application with Sun Life of Canada (Philippines), Inc., my personal data is kept for one year in Sun Life of Canada (Philippines), Inc.'s data processing systems after which, it will be irreversibly anonymized for the sole purpose of data analytics and proposal counts report.

Understanding of Guaranteed Insurability Offer

I understand that:

The product is offered under Guaranteed Insurability Offer (GIO) subject to limits set by the Company. Should my total insurance coverage under GIO with the Company exceed such limit, the Company will decline my application under the GIO. In such event, I can apply for the insurance coverage exceeding the GIO limits using the regular VUL application form and undergo the Company's regular underwriting process.

If the policy is settled under GIO and the life insured dies within the first 2 years from the effective date of the policy and such death is due to causes other than accident, then the death benefit payable is limited to the Fund Value plus the insurance charges paid. In case of death due to accident within the first two policy years, the death benefit is equal to higher of (1) the Fund Value, or (2) the Face Amount plus the Single Premium less 125% of each partial withdrawal, if any.

GIO does not mean guaranteed approval of my application. My application may be declined for reasons such as but not limited to the following: 1) I have exceeded the GIO limits set by the Company, 2) I have not submitted the complete Anti-Money Laundering Act (AMLA) requirements, 3) I have not provided complete information in my GIO application form, or 4) I have previous application with Sun Life which was declined (regular underwriting or simplified issue) within the last 5 years, regardless of reason.

Insurance History and Declaration on the Proposed Replacement of Existing Policy/ies of the Life to be Insured

REMINDER FROM THE INSURANCE COMMISSION ON REPLACEMENT OF POLICIES:

Replacement occurs when an existing life insurance policy is used to pay for a new one through a policy advance or surrender. Replacing an existing policy with a new one is disadvantageous as you may be required to pay a higher premium due to any change in your health or age. It may also result in the loss of financial benefits accumulated over the years.

Do you have Inforced Policy/ies?*

☐ Yes ☒ No

Do you have Pending Policy/ies?*

☐ Yes ☒ No

Is this application intended to replace any existing life insurance policy/ies with the Company and with any other life insurance company?*

☐ Yes ☒ No

Will premiums for the insurance applied for be paid by a policy advance or surrender from an existing policy?*

PRO TIP!
Please attach
Client Suitability
Assessment (CSA) form
under FNA and RPQ.

This form aims to help you come up with a customized financial plan by determining your financial need(s) and risk appetite.

PERSONAL INFORMATION OF CLIENT

Name (Last, First, Middle)

Instructions: Answer ALL applicable questions in this form. Sign ONLY when ALL applicable questions have been answered.

FINANCIAL NEEDS ANALYSIS

I. What is your present life stage? (Choose one)

☐ GETTING STARTED
Building independence and confidence

☐ MOVING UP
Prioritizing family above all

☐ PREPARING AHEAD
Nurturing my health and wealth

☐ LEAVING A LEGACY
Ensuring lasting golden years

II. What is/are your objective(s) for purchasing our product? (Choose all that apply)

☐ INCOME PROTECTION
Money to protect against financial setbacks (e.g. death, accident, disability, etc.)

☐ HEALTH PROTECTION
Money to cover medical expenses (e.g. critical illness, hospitalization, etc.)

☐ EDUCATION
Money for your child's college education

☐ RETIREMENT
Money for a comfortable retirement

☐ LIFE MILESTONES
Money for your life milestones and other needs

☐ ESTATE TRANSFER
Money to efficiently transfer wealth to loved ones

III. What type(s) of products are you looking for to meet your objective(s) above? (Choose all that apply)

☐ INSURANCE
(e.g. term insurance)
Insurance product without any savings or investment element

☐ INSURANCE WITH SAVINGS
(e.g. traditional participating policy)
Insurance product with savings but without investment element

☐ INSURANCE WITH INVESTMENT
(e.g. variable unit-linked)
Insurance product with investment risks borne by you

☐ INVESTMENT
(e.g. mutual funds)
Investment product with no insurance protection; risks borne by you

Answer up to question V ONLY
(if applying for a traditional plan)

Answer ALL questions, up to XI
(if applying for a variable life insurance plan or investing in a mutual fund)

IV. For how long are you able and willing to contribute and keep THIS application? (Choose one)

☐ 1 year

☐ 5 years

☐ 10 years

☐ Over 20 years

☐ Whole Life

V. What percent of your investible/financial assets* will be set aside for THIS application?

*cash, deposits, mutual funds/UITFs, stocks, or any asset easily converted to cash

☐ Less than 5%

☐ 5% to 15%

☐ 16% to 25%

☐ 26% to 35%

☐ Over 35%

NOTE: Sun Life of Canada (Philippines), Inc. does not recommend exposure to a single product to exceed 20% of your investible/financial assets. In order to manage risks, it is recommended that you diversify your assets.

Approximate Net Worth

☐ Under Php 1 Million

☐ 1 Million to 15 Million

☐ Over Php 15 Million

RISK PROFILING

VI. How much is your knowledge of investments? (Choose one)

☐ [1] No knowledge

☐ [2] Limited (I have limited knowledge of investments outside of bank deposits)

☐ [3] Moderate (I have some knowledge of investments like bonds, stocks and pooled funds)

☐ [4] Good (I have general knowledge of investments like bonds, stocks, mutual funds and derivatives)

☐ [5] Extensive (I have extensive knowledge of investments like bonds, stocks, mutual funds, derivatives, and structured products)

VII. How many years have you been investing in stocks, bonds and mutual funds/UITFs? (Choose one)

☐ [1] No experience

☐ [2] Less than one (1) year

☐ [3] One (1) year to five (5) years

☐ [4] Six (6) years to Ten (10) years

☐ [5] Over Ten (10) years

VIII. How would you best describe your investment objective, and the level of risk you can take? (Choose one)

☐ [1] Capital preservation: I want my capital secured even if the investments provide low returns.

☐ [2] Regular income: I prefer investments that provide a predictable flow of income, as opposed to funds that widely fluctuate.

☐ [3] Income and growth: I seek a regular flow of income but will accept some volatility for capital growth. I prefer investments that provide both opportunities to earn income and to grow over time.

☐ [4] Capital growth: I seek long term growth with some income. I am comfortable with volatility in order to achieve capital growth.

☐ [5] Capital appreciation: I seek capital appreciation and fully accept volatility. I prefer high-risk investments with high potential returns.

Requirements.
This is **OPTIONAL** for
VUL eApp

A Client's guide to
Single Premium VUL

A Variable Unit-Linked (VUL) plan is an investment-linked life insurance policy that gives both protection and the opportunity to grow savings over time.

DEATH BENEFIT

&

FUND VALUE

Below is an illustration to show how premiums are allocated.

Premium is the amount you pay for your VUL insurance policy. This policy allows you to pay one-time and/or make excess premium payments, if applicable.

Premium Charge* is deducted from the Premium each time a payment (including excess premiums) is made. It is a percentage of the premiums, and is used to cover distribution and administrative expenses.

Insurance Charges are paid regularly to keep your policy in force. These are paid by deducting fund units on a monthly basis and for as long as your policy is in force.

*Premium Charge is not applicable to Sun MaxiLink One and Sun MaxiLink Dollar One.

**NAVPU (Net Asset Value per Unit) is the Unit Price of a VUL fund. It is net of Fund Management Charges. Visit www.sunlife.com.ph/PH/NAVPS to view the latest fund prices.

PREMIUM

PREMIUM CHARGE

AMOUNT ALLOCATED TO THE FUND

FUND UNITS

INSURANCE CHARGE

REMAINING FUND UNITS

This portion is used to buy units in your chosen fund.

Fund Units are determined by dividing the Amount Allocated to the Fund by the applicable NAVPU**.

Remaining Fund Units are then multiplied by the applicable NAVPU** to determine your policy's Fund Value at any given time.

REMEMBER

- The Fund Value is not guaranteed and returns are not based on historical performance. Thus, value of the fund units will depend on the actual performance of the fund at any given time.
- The Fund Value of the policy could be less than the premiums paid for several reasons, such as charges that are imposed on the policy, withdrawals, or as a result of declines in the NAVPU/Unit Price of the applicable funds.
- You should only purchase a single premium VUL product if you do not intend to use the fund in the short to medium term. Should you terminate the policy early, you are likely to get less than the total amount of premiums paid.
- Always refer to your Proposal Illustration for further product details.

ACKNOWLEDGMENT

I have read and understood how a Sun Life Single Premium VUL works. My advisor has explained to me how charges are applied to my premium and how these affect the fund value of my policy.

DECLARATION AND SIGNATURE:

You hereby certify that all statements relevant for purposes of FATCA made in Parts A and I of this Application are, to the best of your knowledge and belief, correct and complete. You agree that you will submit a new individual Self-Certification form within 30 days if any information on this form becomes incorrect. You also agree to advise the Company promptly of any change in circumstances which causes the information contained herein to become incorrect and to provide the Company with an updated individual Self-Certification form within 30 days of such change in circumstances.

By signing below, you understand and agree that the Company may share information that you provided on this Application, including other information in its possession relevant to the tax qualification claimed on this Application, with relevant tax authorities in order to meet its local and foreign tax reporting obligations.

You certify that you are the Applicant or that you are authorized to sign for the Applicant in respect of the account(s) to which this Application relates. You agree to provide proof of authority upon request.

Advisor Declaration

I declare and confirm that:

1. I have performed the appropriate know-your-client process in accordance with the anti-money laundering laws and policies of the Company. Should there be any adverse change in my opinion regarding the integrity or reputation of the life to be insured/applicant, I shall inform the Company's Money Laundering Reporting Officer immediately;

2. I have explained to the life to be insured/applicant the benefits being applied for in this Application in accordance with the provisions of the insurance contract that will be subsequently issued, if approved by the Company;

3. I have asked the life to be insured/applicant if the product to be purchased in this Application is intended to change or replace any existing life insurance policy/ies and have fully explained to the life to be insured/applicant the disadvantages of changing or replacing any existing life insurance policy/ies;

4. I have asked the questions contained in this Application to the life to be insured/applicant or parent and the answers were correctly recorded;

5. This Application, report and any accompanying information are complete and true to the best of my personal knowledge and belief.

Updating and Basic Troubleshooting

How to Download SunSMART from Advisor Home Office

On your Advisor Home Office, go to Sun App Central and select SunSMART.

Enter your advisor code and Portal password.

SunSMART will begin to install on your iPad. Check your screen.

Select SunSMART and tap on Install.

Updating SunSMART

- SunSMART is updated on a monthly basis and whenever regulation requires it.
- Monthly updates can come in different forms.

	What you need to do?	Reminders
Fresh Install	Step 1: Perform secondary sync Step 2: Uninstall old version Step 3: Go to Advisor Home Office Step 4: Download and install the latest SunSMART version on your iPad	• If you don't perform secondary sync, your proposals will be deleted once the update starts. • eApp will also be deleted when old version is uninstalled
Install-on-top	Step 1: Go to Advisor Home Office Step 2: Download and install the latest SunSMART version on your iPad	• Proposal will not be deleted after install on top. • eApp created using old version will no longer be valid.
Primary sync	Step 1: Go to Settings Step 2: Under Primary Data, Across App Data, make sure that the button says ON	• Proposal will not be deleted after install on top. • User will be forced to sync after logging in with internet connection.

- Every time there is an upcoming update, you will be informed via email and SMS.
- You will also be informed what to do before, during, and after an update.

Primary and Secondary Sync

Transaction Sync
26/02/2020

Collateral

OFF

SYNCHRONIZE

Sync primary data or aka “primary sync”

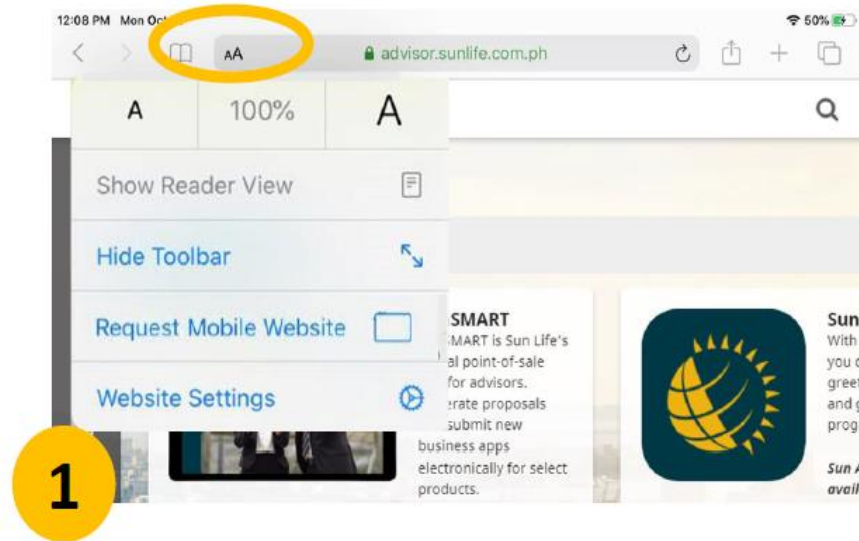

- Do this to get SunSMART updates, new products and calculations.
- Sun Life will always tell you when you need to do this.

Sync secondary data or aka “secondary sync”

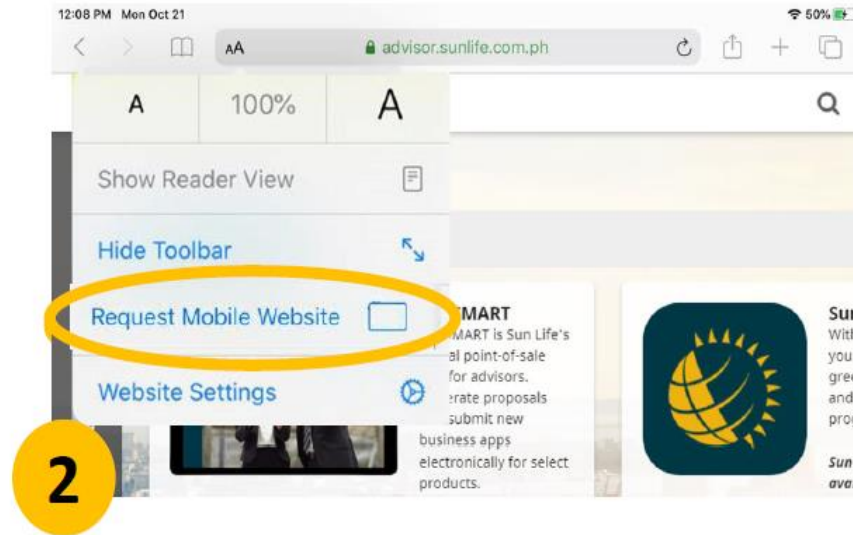

- Do this to send pending emails and send a copy of the proposal to SunSMART Web.
- Do this regularly so you do not lose any proposal data.

What to do if SunSMART does not appear on App Centre?

With iOS 13, Safari treats iPads as laptops. Therefore, you need to request for the mobile site.

On **Safari**, tap on the **AA** icon.

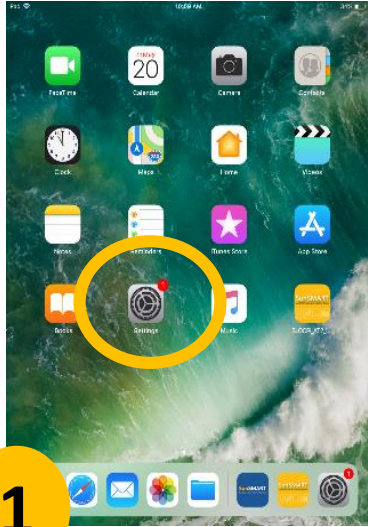

Tap on **Request Mobile Website**. You should now be able to see SunSMART and the download button.

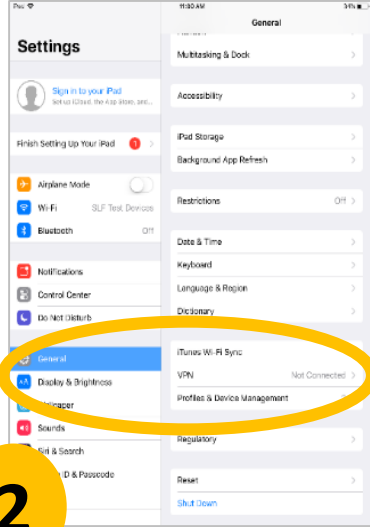

Alternatively, you may go to the Settings app on your iPad. Tap on Safari, scroll down, and tap on Request Desktop Website. Next, turn off the switch next to Request On All Websites.

How to fix “Untrusted Developer”

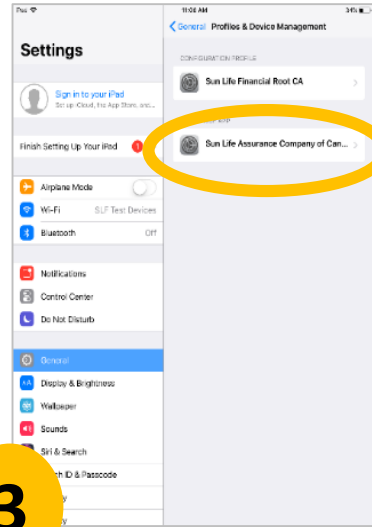

This means you need to allow the app developer (Sun Life) to have an app installed in your iPad.

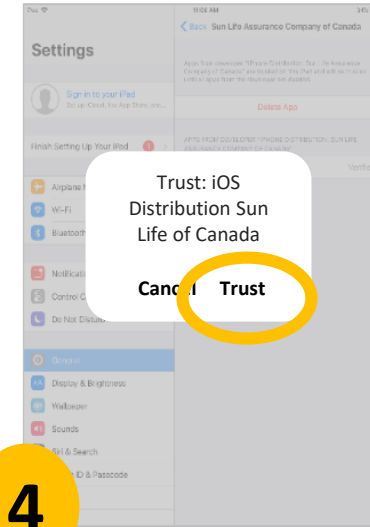

On your iPad, tap on **Settings**.

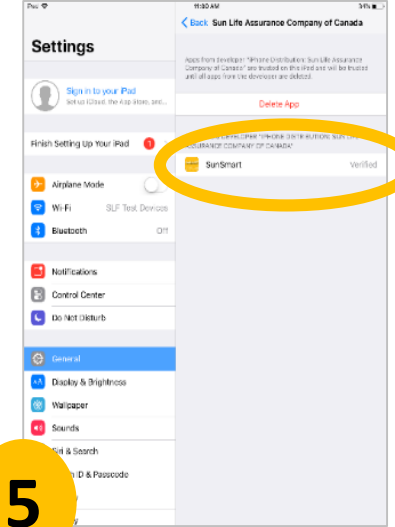

Tap on **General**, then **Profiles and Device Management**.

Tap on **Sun Life Assurance of Canada**.

Tap on **SunSMART**, then **Trust** on the pop up message.

SunSMART will be **Verified**. You may now use SunSMART on your iPad.

Practical tips

Using SunSMART in different situations

SITUATION	WHAT TO DO
The product your client is getting is available for eApp.	• Use SunSMART to create a proposal and submit an eApp, like our walkthrough.
The product your client is getting is not yet available for eApp. Your client is with you and he/she is ready to sign.	• Use SunSMART to create a proposal and get your client's eSig. • Print the proposal later and submit along with an accomplished app form.
You want to print one or more proposals to present to your client later.	• Use SunSMART to create and print a proposal. • Submit the proposal with client's wet signature with an accomplished app form.
You have a group of clients who will accomplish the app form at the same time.	• Unless your clients are willing to wait or you have prepared all their eApps prior to your meeting, you need to use paper application in this situation.

Tips in using SunSMART

PRACTICE, PRACTICE, PRACTICE!

The more you use SunSMART, the better you get at it, and the more comfortable you are using it in front of your client.

DO SOME PRE-WORK

Get as much info as possible and partially answer eApp before your client meeting. When you meet with your client, you only need to answer a few questions together and sign the eSig.

REMIND YOUR CLIENT TO BE READY

If you intend to submit an eApp, remind your client to bring IDs and other requirements so you can attach them to SunSMART already.

Tips in using SunSMART

CHECK SUNSMART VERSION BEFORE A CLIENT MEETING

Make sure it's the latest version and check your email if there is a scheduled update.

DON'T UPGRADE IF YOU HAVE NO TIME

If you don't have time to upgrade before a client meeting, simply disconnect from the internet to keep using SunSMART. However, be mindful of instructions and dates to remember. Always check your email.

Digital Sun

SunSMART Web

Log-In Screen

The login screen features a background image of a city skyline with a bridge. At the top, the Sun Life logo (a sun icon) and MRA logo (with the tagline 'MOST RESPECTED ADVISOR') are displayed. Below them is the 'SunSMART' title in large, bold letters. The login form consists of two input fields: 'ADVISOR CODE' with a person icon and 'PASSWORD' with a key icon. A 'SIGN IN' button is positioned below the password field. To the right of the password field is an eye icon for toggling password visibility. At the bottom, a support message provides contact information for Advisor Technology Support (ATS).

Sample Proposal

Sun MaxiLink 100

Make a bright choice with Sun MaxiLink 100, an investment-linked life insurance product that primarily helps address your need for:

- Income Continuation
- Education
- Save for Life Milestones
- Estate Preservation
- Retirement
- Health Protection
- Investment

Sun MaxiLink 100 lets you enjoy these benefits:

LIFETIME INSURANCE COVERAGE

Secure your family's future with life insurance protection until age 100. This is equivalent to 200% of the Face Amount plus the Fund Value, or 500% of the annual regular premium plus 125% of excess premiums (if any), less 125% of partial withdrawals made (if any), whichever is higher.

The addition of supplements or riders may also provide protection for contingencies such as accidents, disability and illnesses.

SUITABLE INVESTMENT OPTIONS

Maximize your money's worth by choosing among the investment fund options that best suit your investment objectives and risk appetite. Plus, take advantage of Sun Life's professional fund managers' investment experience and expertise.

FUNDS FOR FUTURE NEEDS

Build funds for a comfortable retirement, an important life milestone, or for your child's education. In case of an emergency, money comes in handy via a partial fund withdrawal.

MANAGEABLE PREMIUM PAYMENTS

You may opt to increase your fund's value anytime through top-ups or excess payments on top of your regular premium.

Note: Benefits indicated above are subject to the specific guidelines set by Sun Life and the actual provisions of the insurance policy contract.

PRIMARY BENEFITS (BASIC PLAN)

FACE AMOUNT

500,000.00

INITIAL LIFE INSURANCE COVERAGE¹

1,005,102.00

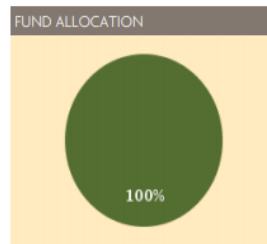

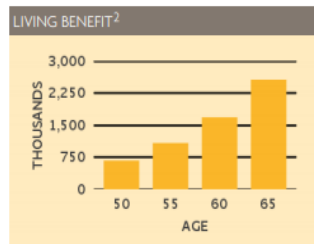

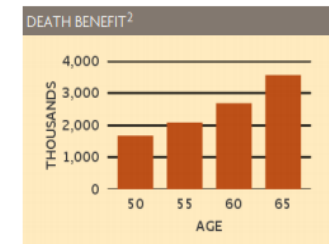

¹Initial Life Insurance Coverage refers to the death benefit at the end of Month 1 based on current charges.

SUPPLEMENTARY BENEFITS (RIDERS)

TOTAL DISABILITY BENEFIT (TDB)

ACCIDENTAL DEATH BENEFIT (ADB)

500,000.00

²The values above are computed based on 8% projected return which is subject to change and is not guaranteed by Sun Life. Projected values are net of all current charges.

Index

Sun MaxiLink 100

PRODUCT HIGHLIGHTS

What is Sun MaxiLink 100?

Sun MaxiLink 100 is a regular pay, investment-linked life insurance product that provides protection until age 100. It offers insurance coverage equal to 200% of the Face Amount plus the Fund Value, or 500% of the annual regular premium plus 125% of excess premiums (if any), less 125% of partial withdrawals made (if any), whichever is higher. It invests in Peso-denominated funds and is offered through Sun Life of Canada (Philippines), Inc.

You may refer to Page 1: Proposal Information and Page 2: Investment Fund Description of the Product Proposal document for more details on the product features and benefits, as well as information on your chosen investment fund.

What are the key risks of this product?

Purchasing an investment-linked life insurance product has its advantages and trade-offs. As an investment-linked product, the policy owner must understand that the product may be subject to investment risks which include, but are not limited to credit risk, mark-to-market risk, taxation risk, regulatory risk, currency risk, interest rate risk, liquidity risk and default risk which could affect the value of the policy. SLOCPI is guided by the Funds' investment objectives in managing these risks; however, this does not guarantee investment returns nor protection against capital loss. To further understand the nature of said risks, a table of definition is provided in the succeeding Product Highlights page.

What are the fees and charges for this product?

During the policy's tenure, the investment fund is subject to Fund Management Charge, Monthly Periodic Charge and Cost of Insurance Charge. Surrender Charge may also be incurred in the event of partial or full withdrawal of the policy's Fund Value. You may refer to the details of the charges on the Illustration of Benefits of the Product Proposal document.

How often will my investment fund be assessed or valued?

The performance of the investment fund associated with this product is valued every working day. For any financial transactions, the next day's unit price is used as reference. Rates or Net Asset Value Per Unit are available daily via www.sunlife.com.ph and published in a broadsheet (i.e. Philippine Star) every week.

Can I withdraw from my Fund Value in case of an emergency?

Yes, you can make partial withdrawals from your Fund Value when necessary. Depending on the policy year when the withdrawal is made, the amount to be withdrawn may be subject to applicable charges. Incidentally, taking out funds from your policy diminishes your death benefit and may also result to the possible termination of your policy, in case the remaining Fund Value is no longer sufficient to cover the applicable policy charges.

In the event that you withdraw your Fund Value in full, your policy will be deemed surrendered and terminated. Note, that surrendering your policy may be more disadvantageous than beneficial to you, as you may not only incur surrender charges but you also lose potential investment earnings as well as the benefit of having life insurance protection. Likewise, when you decide to apply again for life insurance coverage, the merits of your application will be based on your attained age and health condition at the time of application which may result to higher premium rates, exposure to medical examinations, and possible coverage exclusions.

We encourage you to maintain your policy for your financial benefit. Moreover, if you keep it in-force for at least 10 years, you may receive a Loyalty Bonus in the form of unit credits at the end of the 10th year and every 5 years thereafter.

Sample Proposal

Variable Life Insurance Proposal

In the Philippines, insurance products are being offered through Sun Life of Canada (Philippines), Inc., a member of the Sun Life Financial group of companies. In this proposal, *you* and *your* refer to the policy owner while *we*, *us*, *our* and *the Company* refer to Sun Life of Canada (Philippines), Inc.

Proposal Information

On the Life of : Violet M. Santos

Age Last Birthday : 30 (Female)

Currency : Philippine Peso

Basic Plan	Benefit Amount	Regular Premium
Sun MaxiLink 100 - Non-Smoker	Ps 500,000.00	Ps 17,950.00
Additional Benefits		
Total Disability Benefit (Waiver of Premium) - TDB		Ps 1,140.00
Accidental Death Benefit - ADB	Ps 500,000.00	Ps 600.00

Class: Standard

Total Annual Regular Premium	Ps 19,690.00
Annual Excess Premium (to be Billed Regularly)	Ps 0.00
Total Annual Premium (to be Billed Regularly)	Ps 19,690.00
Excess Premium (One-time)	Ps 0.00

Sun MaxiLink 100 is a variable life insurance product until age 100, payable while life insured lives. The living benefit is equal to the fund value, which is partially or fully withdrawable from the policy's share in the separate account(s). The death benefit is the higher of the sum of 200% of face amount and the fund value or the minimum death benefit. The minimum death benefit is equal to 500% of the regular premium plus 125% of each paid excess premium, if any, less 125% of each partial withdrawal, if any. No other benefits are payable under this product.

As the policy is a variable contract, only the value of the face amount which forms part of the death benefit, as the case may be, is guaranteed, while the fund value, will depend on the investment experience of separate account(s) linked to the policy.

The investment risks associated with this product are borne solely by the policy owner.

If you decide the policy is not suitable for your needs, then you may return said documents for cancellation by giving us written notice. We must receive such notice within 15 days from the date you receive the policy. If you opted for an electronic policy contract, we must receive such notice not later than 20 days from the date the policy was electronically transmitted to you. We will refund the fund value of the units allocated to your policy inclusive of the initial charges.

Notes:

- (i) All payments and benefits shown are in Philippine pesos.
- (ii) The illustrations assume that all premiums are paid in full when due and as planned with no premium holiday, you will have no withdrawals on the policy beyond those illustrated and mode of payment is annual.
- (iii) The above values are illustrations only of the key features of the recommended insurance plans. This illustration may differ from any earlier proposal illustration.
- (iv) The values in the succeeding pages are illustration of possible performance of your fund. Since the fund performance may vary, the values of your units are not guaranteed and will depend on the actual investment performance at that given period. The value of the policy could be less than the premiums paid.
- (v) Any excess premium you have paid is considered such only if the Annual Regular Premium has been fully paid. The Company may require evidence of insurability of the Life Insured with respect to payment of any excess premium.
- (vi) Additional payment may be required if the Fund Value is not sufficient to pay the charges.

This proposal shall form part of the insurance contract once the policy is issued. A copy of this proposal and the policy contract will be delivered to you.

While we have made every effort to ensure accuracy, errors and omissions may have occurred in the preparation of this proposal.

Should there be any discrepancy between the statement(s) contained in this material and the insurance policy contract, the provisions of the insurance policy contract will prevail.
