CLAIMS PROCESS

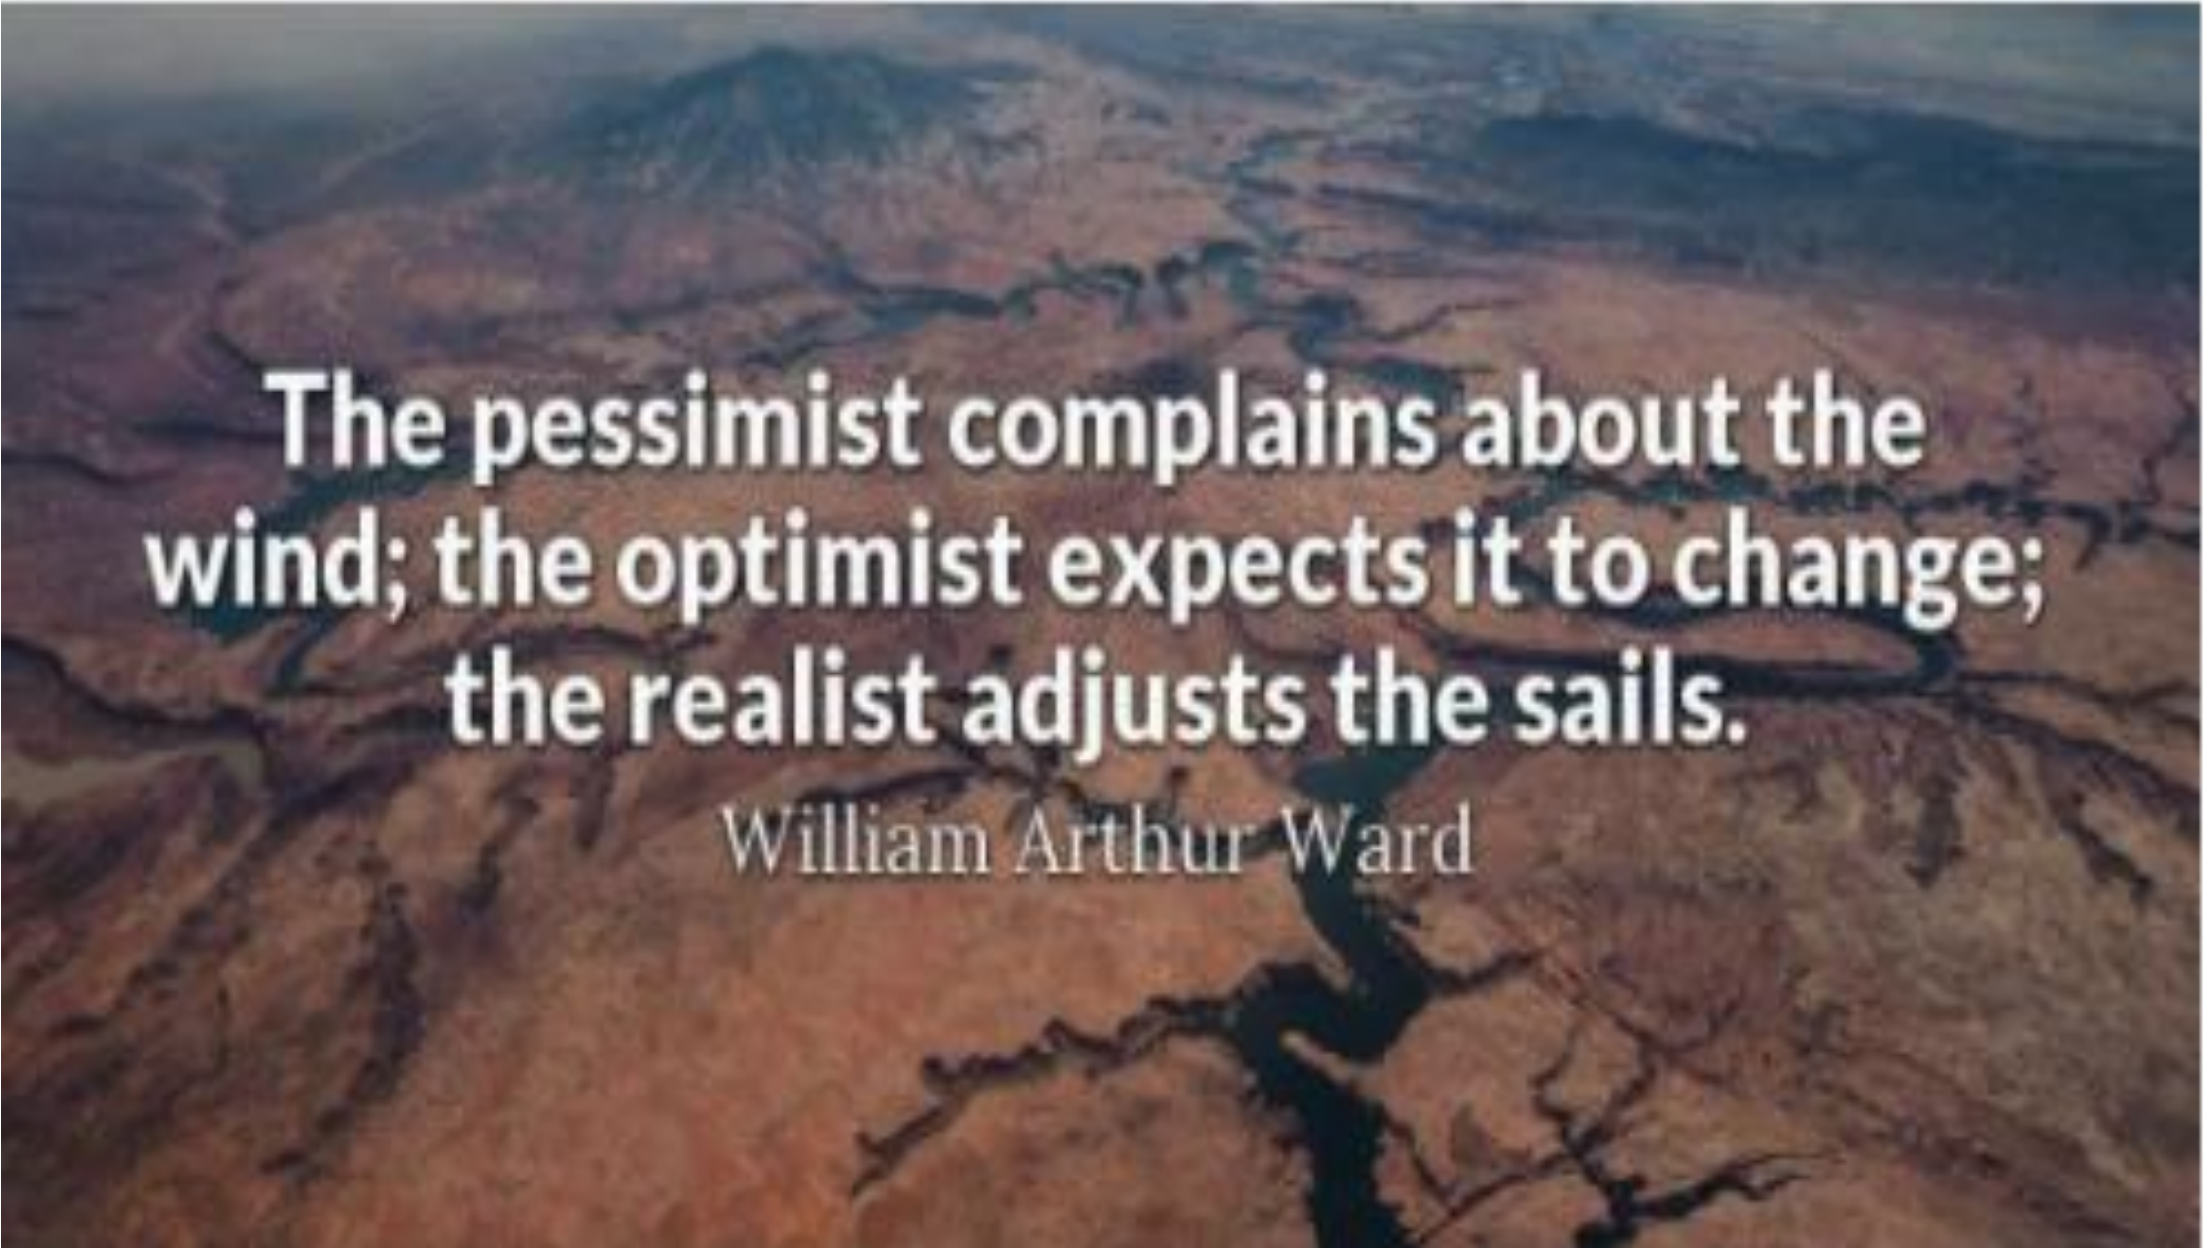

REPORT- SUBMIT- WAIT- FEEDBACK “DELIVER”

Acceptance of claim requirements in digital copies. As submitting hard copies is a challenge at this time, we will be accepting soft copies of requirements related to any insurance claims from now until further notice.***

****Additional verification may be conducted and where necessary. Claims Services also reserves the right to complete processing of claims upon receipt of hard copies. Approval of claims based on soft copy requirements does not constitute a waiver of our rights to request for the original documents for any claims made in the future.*

An aerial photograph of a vast, arid landscape. The ground is a mix of reddish-brown and tan, with a complex network of dark, winding cracks or dry riverbeds snaking across it. In the distance, a range of low, hazy mountains is visible under a pale sky. The overall tone is somber and desolate.

**The pessimist complains about the
wind; the optimist expects it to change;
the realist adjusts the sails.**
