

Courier delivery of policy contracts

Great news! **You can now utilize any of the recommended couriers in sending the policy contracts of your clients as an alternative approach to personal delivery.**

This is only a **temporary solution** to ensure timely delivery at this time of pandemic and in consideration of the Digitally Enabled Selling (DES) changing landscape.

With the lifting of the restrictions on courier delivery, **we are also bringing back the submission of the Policy Acknowledgement Receipt (PAR) form of policies with paper contracts.**

Changes at a glance

Date settled	Ways to deliver the printed contract	Basis of receipt and start of cooling-off period	PAR submission
Policies settled from April 9, 2020 to January 31, 2021	Personal delivery	Date of uploading in My Sun Life Client Portal or sending of softcopy of contract to client via email	Not required
Policies settled from February 1, 2021 onwards	- Personal delivery - Courier delivery at advisor's cost	- Printed contract with softcopy: date when PAR form was signed - ePolCon: upload date in My Sun Life Client Portal	- Yes, if there is a paper contract. - No need to submit PAR for ePolCon.

Refer to the bRIGHT ways on courier delivery and FAQs on policy delivery for the step-by-step guide and further details.

bRIGHT ways of delivering policy contracts via courier

1. Inform the client that the paper contract is already available and ask his/her preferred delivery mode (personal or courier).
2. Secure the client’s consent via email if preference is courier delivery. Copy the content of the attached **“Client Consent for Use of Courier”** template and paste it in the email body and indicate your full name (screenshot is also acceptable). Instruct the client to reply with **“I AGREE”**. This template is also available in Advisor Home Office (AHO): Forms and Checklists > Policy Servicing > Policy Delivery
3. Indicate the preferred delivery mode and courier name on the **“Acknowledgement Receipt of Policy Contract”** field* of the PAR form.

*Indicate the delivery mode (personal or courier) and courier name (if sent via courier) here

FAQs on policy delivery

Can I also send other documents via courier?

No, this is only applicable to policy contracts, not other documents.

There is no PAR form inserted in the policy contract. Where do I get a copy?

You can download the PAR form from AHO: Forms and Checklists > Policy Servicing > Policy Delivery – Acknowledgement Receipt and Delivery of Policies Information Sheet

I am confused. How will I know what type of policy contract my client will receive? When is PAR form required?

Generally, it will depend on the product purchased.

Product	Policy contract type	Is PAR form required?
Sun MaxiLink products One, Prime, Bright and ML 100 Sun FlexiLink 85	Based on what is ticked in e-app or indicated in the Advisor’s Report of the application form. • If none is elected, default is ePolCon via Client Portal • Printed contract will come with a softcopy via email.	Yes, if elected type is paper or printed contract. No need to submit for ePolCon.
All other products	Printed copy to be mailed to NBO/preferred mailing location + softcopy via email	Yes

I failed to indicate the client’s preferred contract type in the application form. Can I still change it?

Yes, but only after the application is settled following the process below. New Business team’s turnaround time for such request is 30 days. To avoid inconvenience and delays, ensure that the preferred contract type is indicated in the application form.

*Client should send his request to the advisor using his email address indicated in the application form. Advisor should always use his Sun Life email account for any correspondence related to Sun Life.

FAQs on policy delivery

How will I choose the client’s preferred policy contract format for MaxiLink One (GIO), MaxiLink Prime, MaxiLink Bright, MaxiLink 100 and FlexiLink 85 during application?

eApp submission via SunSMART – choose from the dropdown list in “What format of policy contract do you prefer?” field in “Owner Tab”.

Editable application form via BCOS and CSC – indicate the client’s preferred policy contract in the “16. Remarks or Additional Comments” field in “Advisor’s Report”. If this field is left blank, the default electronic policy contract format will be applied.

The client sent the PAR form in an image format (PNG or JPEG), how will I convert it to PDF?

Use the “Print to PDF” tool of your laptop/desktop to convert the image to PDF. The client can also use the CamScanner app so the photo will be automatically converted to PDF.

Do I also need to send the signed PAR form to Phil.polcourier@sunlife.com if I personally delivered the printed contract to the client?

No, this mailbox is only applicable for courier delivery but the PAR form should still be sent to NB via Phil_Scanning@sunlife.com.

How long is the cooling-off period?

Product	Cooling-off period
Sun MaxiLink products One, Prime, Bright and ML 100 Sun FlexiLink 85	20 days from the date when the ePolCon was uploaded to the Client Portal If a printed contract was issued, the cooling off is 15 days from the date when the PAR form was signed by the client.
All other products	15 days from the date when the PAR form was signed by the client

Who should I contact if I have inquiries on the status of the issuance of policy contracts?

Contact NB-Policy Review team via PHIL-PolReviewers@sunlife.com.
